Beauty Book

Only a few
steps to
more beautiful
skin...

Every skin deserves to
look healthy and beautiful!
This is best achieved
through the perfect skin
care routine.

Start your day right...

STEP 1

Cleansing: Skin should be cleansed every day with beauty products matched to your skin type to ensure it is prepared in the best possible way for the next beauty steps.

STEP 2

Absorption of active ingredients: Once cleansed, the skin can better absorb the right skin care. A serum tailored to the skin type can work miracles.

STEP 3

Skin care: By applying a day or night skin care tailored to your skin type you can top off your beauty routine in the best possible way.

TIP!

Drink at least 2 liters of water a day
for a beautiful skin!

Skin renewal program

Your skin is aging and showing it: It loses its translucent appearance, wrinkle depth increases, the skin becomes thicker and the delivery of nutrients into the lower skin layers deteriorates. The skin looks tired, dull, uneven and blotchy.

The ASA PEEL® intensive treatment and the products from the KLAPP ASA PEEL® product line target these symptoms. A natural peeling process refines and smooths the skin.

ASA PEEL® Serum

Pigmentation spots are diminished. Small wrinkles, wrinkles and unevenness are smoothed out – the skin looks silky and fresh.

ASA PEEL® Care Cream

Supports the skin renewal program. Suitable for every skin type.

ASA PEEL® Home Cure Pack

The ASA PEEL® HOME CURE PACK clears the way for regenerated and youthfully smooth skin.

A CLASSIC Body Lotion

Light, moisturizing body lotion with grape seed oil, vitamin A and E.

A CLASSIC Booster Emulsion

The Booster Emulsion supports the longevity of cells and promotes a youthfully beautiful skin.

IMMUN Decollete Patch

Perfect moisture and skin care boost! Easy application, fast action – a superb result.

HYALURONIC Day & Night Cream

Intensive moisturizing care with natural oils. Antioxidant protection against free radicals.

Highly effective anti-aging products from the Klapp laboratories contain the latest active ingredients. They leave the skin with a smoother and firmer appearance.

CAVIAR Imperial Serum

High-tech luxurious serum against all signs of skin aging.

POWER EFFECT Bi-Phase Serum

Oil phase and highly concentrated active ingredients in one ampoule.

REPAGEN® EXCLUSIVE Serum

A luxurious and highly concentrated serum with high-tech active ingredients for optimal firming results.

REPAGEN® EXCLUSIVE Global Anti-Age Cream

The innovative active ingredient combination increases the skin's elasticity and supports a youthful appearance.

REPAGEN® EXCLUSIVE Rich Eye Care Cream

Visibly tightens and smooths the sensitive skin in the area around the eyes.

Sensitive skin

BETA GLUCAN Cleansing Milk

Smooth cleansing milk for face, neck and décolleté, without chemical preservatives, colorants and perfumes.

BETA GLUCAN 24H Cream

24H Cream for daily skin care without chemical preservatives, chemical emulsifiers, colorants and perfumes.

Sensitive skin with impaired functions requires special attention. Here you can find gentle skin care for daily application as well as special products for specific skin problems.

IMMUN Radical Moist Complex Gel

Shielding add-on product. To be applied under the usual skin care.

IMMUN Anti-Stress Cream Pack

Cream mask with a balanced formula of bio-technological active ingredients.

SKINCONCELLULAR® Eye Care Gel

Developed specifically for the delicate eye area, the cooling eye gel delivers energy and moisture.

KIWICHA Deep Moisture Fluid

Light, pleasant fluid for added moisture.

SKIN NATURAL Aloe Vera Gel

The Aloe Vera skin care gel delivers moisture to sensitive, dry and sun-damaged skin and is also recommended to be used on irritated skin prone to inflammations.

Blemished/oily skin

CLEAN & ACTIVE Exfoliator Lotion Oily Skin

Facial toner to clear oily skin after cleansing.

ASA PEEL® Care Cream

An absolute must during the ASA PEEL® treatment, but also effective when applied separately. Against skin blemishes and pigmentation disorders.

PSC Active Sebum Reducer Tonic

Active ingredient product that reduces sebum production significantly and helps heal inflamed skin areas when applied on a regular basis.

PSC Anti Septic Lotion

2 phase solution with mattifying action. Binds excessive sebum and has a soothing effect on inflamed skin areas.

System skin care products specifically developed for this skin problem balance and stabilize the skin. You can look forward to a new, fresh skin feel.

SKINCONCELLULAR® Refiner Concentrate

The ampoule is recommended for oily skin and skin prone to blemishes. The result is a smooth and clear skin.

X-TREME – for oily skin Black Mask

Cooling, antibacterial black mask for a refined, clear and fresh complexion.

Dry skin/lacking moisture

X-TREME Hydra Complete Cream Gel

Moisture depots in the skin are refilled, protecting it against moisture loss with a long-lasting effect.

HYALURONIC Day & Night Serum

Plumping, smoothing skin care serum with triple active hyaluronic acid complexes and the firming active ingredient Quicklift™.

HYALURONIC Day & Night Cream

Intensive hydrating day and night cream. Valuable grape seed oil, rich in antioxidants as well as jojoba oil and squalane round up this active ingredient composition.

Scientifically proven ingredients deliver instant and long-lasting moisture to the skin. The water-binding capacity and elasticity of the skin are increased and the regenerative capacity of the cells is strengthened

A CLASSIC Effect Mask

Light gel mask with lifting effect for intensive moisture supply to stressed skin.

KIWICHA Day Cream

The day cream protects from environmental stresses during the day and offers a smooth skin feel. Natural anti-aging skin care for unbelievably beautiful skin.

C PURE Fluid

A light moisture fluid with vitamin C, hyaluronic acid, aloe vera. Nourishes skin and skin lacking moisture.

Dry skin/lacking oil
